

S3B P.T.O. Spreader for Cat. 1 Tractors

## THE SUPER 3 BUSHEL P.T.O. SPREADER

**NOW AVAILABLE**

**MODEL S3B P.T.O. IS A SUPER  
3 BUSHEL SPREADER THAT WILL  
GIVE YOU COMPLETE COVERAGE  
UP TO 30 FEET WIDE**

- Maximum width of spread depends on the density of the material being spread
- The S3B will spread a wide range of materials, seeds, fertilizers, granular herbicides and ice melters. (Not Sand)
- The spreader includes a comprehensive spreading chart for various materials.
- This spreader is easy to clean and is mounted low for easy filling.
- A heavy duty 42 inch flexible shaft with a P.T.O. coupling powers the spinner.
- The S3B comes standard with 3-point hitch mounting. The hopper is welded galvanized steel and includes a hinged lid to keep material dry.
- The frame of the spreader is heavy duty steel that supports the hopper.
- The S3B utilizes a vibrating rate gate and a spinning agitator for constant material flow.
- The hopper holds 3 bushel or 200 lbs. of most material.
- The optional hopper extension holds 2 additional bushel or 150 lbs. Lid available for hopper extension.
- **DO NOT MOUNT THIS SPREADER TO A LAWN TRACTOR, GARDEN TRACTOR OR ALL TERRAIN VEHICLE (ATV) DUE TO SIZE OF SEEDER.**
